

# Otel Tipi Ürün Kataloğu

## Hotel Type Product Catalogue

## Ön söz

1981 yılından günümüze kadar öncü olduğumuz kuaför ve otel malzemeleri sektöründe gelişen teknoloji ile birlikte artan beklentileri karşılamak için var gücümüzle çalışmaktayız. Gerek kullandığımız hammadde gerek özenli işçiliğimiz ile her geçen gün bilgi ve deneyimlerimizi arttırarak sizlerin her daim ihtiyaçlarını karşılayacak ve aynı zamanda memnuniyetinizi devam ettirecek birinci sınıf ürünler üretiliyoruz.

Kullandığımız bütün malzemelerde memnuniyetiniz için önceliğimizi düşük maliyet değil, yüksek kalite oluşturmaktadır. Ürünlerimizde kullandığımız parçalar Avrupa menşeli olup, kalıpları ve diğer yedek parçalarına kadar özel işçilikle üretilmiş yerli malı ürünlerdir.

Kalitemizden ödün vermeden hazırladığımız her ürüne olan ilginiz için sizlere teşekkür eder, memnuniyetinizin devamını dileriz.

## Preface

*Since 1981, our company is a pioneer in hairdressing and hotel equipments industry and works with all its power to meet growing expectations after technological advancements. We produce top quality products that will meet all your needs and ensure you a long-lasting customer satisfaction. Our knowledge and experience improves everyday with our careful labor and quality of raw materials.*

*In all the materials we use, our priority is to meet low costs with high quality for customer satisfaction. While the parts use in our products are originated in Europe moulds and other spare parts are manufactured with special craftsmanship domestically.*

*We deeply thank for being interested with our precisely manufactured products and wish your satisfaction is to be continued.*

### COMPONENT INSIDE

### Jet Pro+ HandDryer

- Paslanmaz çelik gövde görünümlü ve sensör kontrollü Jet-Motor El kurutucu.

*Jet-Motor Hand dryer with stainless steel look cover and sensor operated.*

- Hızlı el kurutma işlemi için güçlü ve kompakt tasarım.

*Strong and compact design providing super-fast hand drying*

- Jet Pro+ modelinin 2 kademe hız ve sıcaklık ayarı enerji sarfiyatını ayarlamana sağlar. Yüksek kademe seçeneğinde kullanımı 325 km/h hava çıkış hızı ile el kurutma süresini 10-15sn içinde yapmanızı sağlar.

*Jet Pro+ has a two heat and speed adjustment that regulates energy consumption and at high level position it provide a maximum air output speed 325 km/h that dries your hands between 10-15 seconds.*

- Jet Pro+ modeli otomatik sistem kapama özelliği ile donatılmıştır. Sistem kendini 25 sn den daha fazla çalışma süresinde kapatır.

*Jet Pro+ is equipped with an automatic safety disconnecti-on system that switches it off automatically after 25 seconds of continuous use.*
